

Event Details:

Event Title : “Creators 3D” a workshop by NIRMAAN - Technical society
of CIVIL Engineering JEMTEC

Department : CE

Date : 23rd October 2019

Venue : CAD lab, JEMTEC Greater Noida

Conducted by (Resource Person): Mr. Amit Tiwari

Designation : Manager

Company : Lelogix Design Solutions Pvt. Ltd.

Report:

“Creators 3D” a workshop by NIRMAAN - Technical society of CIVIL Engineering JEMTEC was organized by Department of Civil Engineering on 23rd October 2019 for B.Tech Civil Engineering students. Ms. Shubhangi Saxena, Assistant Professor, Civil Engineering Department has introduced the Guest Speaker Mr. Amit Tiwari (Manager) Lelogix Design Solutions Pvt. Ltd.

The Speaker started session with the brief introduction of Civil Engineering background, future opportunities and also explained the role and responsibilities of Civil Engineers in the development of society. He has given an overview of 3D softwares being used in designing of civil structures over the world. He briefed about the softwares. He also discussed the limitations and advantages of civil engineering softwares and opportunities available over the world for civil students in the field of designing. He boosted the confidence of students. The session was made interactive by thought provoking questions posed by Mr. Tiwari to the student audience. The captivating way of narration of answers by speaker has created an excitement among the students. He also briefly explained about the scope of design engineers in construction industries.

At the end of session students asked many questions regarding the opportunities in higher education in designing field in India and abroad, how they prepare themselves for the market, what software they should learn etc. Guest Speaker replied all the queries raised by students. The lecture was followed by workshop in CAD lab where students learned the software and a couple of tasks were assigned to them and certificates were distributed to them.

The lecture has proven to be very inspiring and informative for the students.
