## Event Report

BCA 1<sup>st</sup>, 2<sup>nd</sup> and 3<sup>rd</sup> year students went for the industrial visit. India Expo Centre is India's largest integrated exhibition and convention centre.

The purpose of the visit was to provide the students with the real insight into the working procedure of a world-class venue and to make the students aware of the opportunities present in

the domain of **organizing events, exhibitions and conferences**. The place has the size and the capabilities to handle what different conferences and events require in a bespoke manner.

The presentation sessions and the visit to the facilities provided a lot of information to the students about a whole new domain. The whole visit was very informative and provided a wonderful learning exposure to the students.
