Report Date: 11October, 2019

Objective of the event: The main aim of the event was to make the students aware with pollution caused by single used plastic and also encourage them to join a campaign against single used plastic.

REPORT

On 10th Oct, 2019, **The JIMS ENGINEERING MANAGEMENT TECHNICAL CAMPUS GREATER NOIDA** organized a seminar on “**ENVIRONMENT POLLUTION WITH SPECIAL REFERENCE TO PLASTIC WASTE**” which focused on educating the students on the aspect of single use plastic through scientific as well as theoretical approach.

The special guest of the event **Adv. NAUSHAD AHMAD KHAN** who is **ADDITIONAL STANDING COUNSEL, GOVT of NCT OF DELHI** with **Mr. Shiv Kumar (HOD Civil Department. And Mrs. Archana Assistant Professor, Applied Science, Jims.** It was very conclusive and informative regarding the hazardous situation of the earth. The whole seminar was about how we are destroying our beautiful earth and how worse situation i.e and alarming situation. A video has been shown about types of plastic, what harm they are causing to animals and to every person living on the earth, statistics about how much plastic has been produced, dumped and how harmfully it is impacting the earth. He discussed about the remedies we can use, how we can avoid single use of plastic and all those steps by which, we can prevent and protect our environment, marine life, wildlife. Later it has been discussed about how many types of plastics are there, their matter and about how the environment will able to consume it. It was told that a plastic life is nearly of thousands of years and if left over it doesn't dissolve in soil but rather sum particles are left and they are being consumed by living creatures in many form.

It was also discussed that how professor of IIT Madras used plastic to make fuel and a road construction has been made by using plastics. Later there was many paper presented by students of our college who raised questions and create a view upon the alarming situation and about the plastic waste which is

causing very harmful affect on earth. Prizes were distributed for paper presentation and it was received by Riya Sharma BALLB 5th sem there was another poster making activity was conducted and many beautiful posters were made by our college students on the view to save earth and give awareness about the issues .

There was also a question answer session and questions were raised by many students and they were answered by Adv.Naushad Ahmad Khan. It was very fruitful and informative discussion and much knowledge was delivered.

At the end of the seminar our guest distributed cloth bags and influenced us to avoid the use of plastic and urged that we have to take initiative to save our earth.

Outcome of the event: The seminar was quite informative and interactive. It was learning and motivating session for the law students as it has provided the exposure and made the students aware with the pollution caused by single used plastic.
