-

Report:

Content: The B.Ed Department of Jims Engineering Management Technical Campus Greater Noida, Conducted the visit to Visual Arts Gallery on 18/1/25 at India Habitat Centre, Delhi. In this visit 1st and 2nd year students participated. Students observe different types of Arts their and understood the concept that how Art and Education are interdependent. Students get the opportunity to learn by field experiences. Dr. Geeta Chaudhary the coordinator for that day and she guided all the teacher-pupils well throughout the visit. During the visit, the students had the opportunity to view a wide array of artworks, including, Paintings that depicted both abstract and figurative forms, with many works focused on exploring emotions, identity, and social themes. Sculptures and Installations that was experimental in nature, some using unconventional materials like recycled items, metal, and fabric to evoke thought-provoking conversations about sustainability and modernity. There is Amazing Interactive artworks that invited the viewers to become a part of the creative process, encouraging audience participation.

Conclusion: The gallery emphasized how art can be a powerful tool for communication and emotional expression. Visit to the Visual Arts Gallery was not just a delightful visual treat but also a profound educational experience. It provided new perspective on art as a medium for learning and creativity to the students. Such visits are essential for broadening our horizons and integrating interdisciplinary approaches into education.
