The students were then further distributed the stances of plaintiff and defendants by the managing committee.

The Moot proceedings commenced on June 11, 2021 and participation was very satisfactory. The students were able hone their vocabulary skills and legal reasoning after constant grilling by the judges. This helped the participants boost up their confidence and helped the managerial team to improve on their management skills.

The students thoroughly prepared the facts and contentions based on the stances they had been allotted to represent. Healthy debates, discussions and remarks were witnessed in the course of moot proceedings and the students seem to show keen interest and learn something new.
