

## CRYPTIC HUNT

The Department of Computer Science and Engineering at JIMS Greater Noida, in collaboration with the **Hashtag Society**, organised the event **CRYPTIC HUNT** on **April 9, 2025**. This half-day, puzzle-based competition aimed to challenge students' logical reasoning, teamwork, and problem-solving abilities through a series of cryptic clues and tech-integrated tasks.

The primary objective of **CRYPTIC HUNT** was to promote critical thinking, logical reasoning, and collaborative problem-solving among students through an engaging and interactive puzzle-based competition. By integrating technology with traditional riddles and scavenger hunt elements, the event aimed to enhance analytical skills, encourage creative thinking, and foster teamwork in a dynamic, hands-on learning environment aligned with the innovative spirit of the Hashtag Society.
