

Department: Computer Science & Engineering

HackQuanta 2025

HackQuanta 2025 was a **national-level 36-hour hackathon** organized by the Department of Computer Science & Engineering at JIMS EMTC, Greater Noida. The event saw overwhelming participation with over **750 teams applying** from across India, from which **35 top teams (118 participants)** were selected to compete on-site.

The hackathon provided a dynamic platform for budding innovators to **ideate, build, and present** technology-driven solutions to real-world problems. With a prize pool of **₹1,00,000+**, expert mentorship, and judging by industry leaders from companies like Adobe, IRIS Software, and Paytm, the event was a resounding success in fostering creativity and technical excellence.

The primary objectives of HackQuanta 2025 were to:

- Provide a **competitive platform** for young developers to exhibit their talent.
- Promote **innovative thinking** through real-world problem statements.
- Foster **collaboration, teamwork, and leadership** among students.
- **Connect participants** with industry professionals and mentors for guidance.
- **Recognize and reward** outstanding ideas with the potential for real-world impact.
