About the event

Introduction

The Department of Commerce organized a Personal Interview session for second-year students on 19 November 2025. The event aimed to simulate real interview scenarios and prepare students for professional opportunities.

Objective

The main objective of this session was to enhance students' communication skills, confidence, and interview preparedness by exposing them to practical, one-to-one interview interactions.

Overview

The session took place at JIMS EMTC, Room No. 304, from 10:00 AM to 12:00 AM. Faculty members interacted personally with students, assessed their strengths and weaknesses, and provided constructive feedback. Students were evaluated on communication, presentation, subject knowledge, and problem-solving abilities.

Student Learning

Students gained hands-on experience in facing interviews, learned how to present themselves professionally, improved their ability to answer technical and HR questions, and developed confidence in public speaking and self-expression.

Conclusion

The Personal Interview session for second-year students was highly beneficial, helping learners understand the expectations of real corporate interviews and preparing them for future academic and career pursuits.

Total number of students Registered: 28

Total number of present students: 20

Total number of absent students: 8

A large, light blue watermark logo for JEMTEC is centered on the page. It features a stylized figure with arms raised, surrounded by the text 'JIMS ENGINEERING MANAGEMENT TECHNICAL CAMPUS' in a circular arrangement, and 'JEMTEC' in large, bold letters at the bottom.
