Report

The Legal Aid Cell, Department of Law, JIMSEMTC visited the Juvenile Boys Observation Centre in Phase-2, Noida, with the goal of assessing the well-being of the children and reviewing the available facilities. The team observed that the Centre provides basic medical facilities, including routine health check-ups, emergency care, and first-aid supplies, with children referred to nearby hospitals for serious health issues. Regular health awareness programs and vaccination drives help maintain the juveniles' overall health. Regarding education, the Centre ensures that children continue their studies with a structured program aligned with the state board curriculum, supported by qualified teachers. Special attention is given to children needing extra help. Notably, one juvenile was recognized as a district topper in board exams, highlighting the Centre's commitment to academic excellence and a supportive learning environment.
